§ 1630.1 Purpose.

This part is intended to provide uniform standards for allowability of costs and to provide a comprehensive, fair, timely, and flexible process for the resolution of questioned costs.

§ 1630.2 Definitions.

- (a) *Allowed costs* means a questioned cost that the Corporation, in a management decision, has determined to be eligible for payment from a recipient's Corporation funds.
- (b) *Corrective action* means action taken by a recipient that:
 - (1) Corrects identified deficiencies;
 - (2) Produces recommended improvements; or
 - (3) Demonstrates that audit or other findings are either invalid or do not warrant recipient action.
- (c) *Derivative income* means income earned by a recipient from Corporation-supported activities during the term of a Corporation grant or contract, and includes, but is not limited to, income from fees for services (including attorney fee awards and reimbursed costs), sales and rentals of real or personal property, and interest earned on Corporation grant or contract advances.
- (d) *Disallowed cost* means a questioned cost that the Corporation, in a management decision, has determined should not be charged to a recipient's Corporation funds.

(e) *Final action* means the completion of all actions that Corporation management, in a management decision, has concluded are necessary with respect to the findings and recommendations in an audit or other report. In the event that Corporation management concludes no corrective action is necessary, final action occurs when a management decision has been made.

(f) *Management decision* means the evaluation by Corporation management of findings and recommendations in an audit or other report and the recipient's response to the report, and the issuance of a final, written decision by management concerning its response to such findings and recommendations, including any corrective actions which Corporation management has concluded are necessary to address the findings and recommendations.

(g) *Questioned cost* means a cost that a recipient has charged to Corporation funds which Corporation management, the Office of Inspector General, the General Accounting Office, or an independent auditor or other audit organization authorized to conduct an audit of a recipient has questioned because of an audit or other finding that:

(1) There may have been a violation of a provision of a law, regulation, contract, grant, or other agreement or document governing the use of Corporation funds;

(2) The cost is not supported by adequate documentation; or

(3) The cost incurred appears unnecessary or unreasonable and does not reflect the actions a prudent person would take in the circumstances.

(h) *Recipient* as used in this part means any grantee or contractor receiving funds from the Corporation under sections 1006(a)(1) or 1006(a)(3) of the Act.

§ 1630.3 Standards governing allowability of costs under Corporation grants or contracts.

(a) *General criteria.* Expenditures by a recipient are allowable under the recipient's grant or contract only if the recipient can demonstrate that the cost was:

(1) Actually incurred in the performance of the grant or contract and the recipient was liable for payment;

(2) Reasonable and necessary for the performance of the grant or contract as approved by the Corporation;

(3) Allocable to the grant or contract;

(4) In compliance with the Act, applicable appropriations law, Corporation rules, regulations, guidelines, and instructions, the Accounting Guide for LSC Recipients, the terms and conditions of the grant or contract, and other applicable law;

(5) Consistent with accounting policies and procedures that apply uniformly to both Corporation-financed and other activities of the recipient;

(6) Accorded consistent treatment over time;

(7) Determined in accordance with generally accepted accounting principles;

(8) Not included as a cost or used to meet cost sharing or matching requirements of any other federally financed program, unless the agency whose funds are being matched determines in writing that Corporation funds may be used for federal matching purposes; and

(9) Adequately and contemporaneously documented in business records accessible during normal business hours to Corporation management, the Office of Inspector General, the General Accounting Office, and independent auditors or other audit organizations authorized to conduct audits of recipients.

(b) *Reasonable costs.* A cost is reasonable if, in its nature or amount, it does not exceed that which would be incurred by a prudent person under the same or similar circumstances prevailing at the time the decision was made to incur the cost. If a questioned cost is disallowed solely on the ground that it is excessive, only the amount that is larger than reasonable shall be disallowed. In determining the reasonableness of a given cost, consideration shall be given to:

(1) Whether the cost is of a type generally recognized as ordinary and necessary for the operation of the recipient or the performance of the grant or contract;

(2) The restraints or requirements imposed by such factors as generally
